

Survey two

Use these questions to survey at least 20 friends and 10 adults.

Plan how you will gather responses to each question and how you will present your results as tables or graphs. Not all questions will apply to every person you interview.

Multiple choice questions
How often do you put each item down the drain, sink, or loo? Always, sometimes, never, or 'not applicable'?
Leftover oils or fats
Used nappies
Wipes or sanitary items
Waste paint
Other waste chemicals
Waste food
Wrappers or food stickers
Anything else that's not wastewater or the 3Ps
Litter in the drain in the street

1-5 scale opinion and understanding questions
How well do you understand what happens to waste items that are wrongly put down the drain, sink or loo?
How important is it to always avoid putting the wrong things down the drain, sink or loo?
Do you think blocked sewers are a problem in this area?
Should people be held more responsible for causing sewers to be blocked?
How much would you like to know more about what not to put down the drain, sink or loo?
How much would you like to know more about how to dispose of things instead of putting them down the drain, sink or loo?
